## Extra spell list

The 1d100 spell table in this section is partitioned into different sub-tables.

### Class spell lists

You can use these spell lists to populate NPCs, monsters, spellbooks/spellscrolls, or as rewards for player characters. Offense spells are generally damage-dealing, whereas utility spells provide some non-damaging effect. Power spells are those possessed only by the higher level members of that particular class. If you want to roll for all three categories, use the “any” column.
